

## Tufline ATVD Disc

**Unmistakably the best “little” disc on the market!**

Tufline's ATVD all terrain vehicle discs are designed to work behind ATV's, small garden tractors, and off road farm/sport utility vehicles. These heavy built units are ideal for wildlife food plot preparation and ground breaking for garden and turf development. The ATVD model discs are available in 52" or 64" cutting widths with two frame options. Tufline's ATVD model discs are engineered with unique features unlike any other disc on the market.

### **ATVD DISC SPECIFICATIONS:**

- ATVD7816-1 and ATVD71016-1: Rated for 450cc and larger ATV, small tractor, or utility vehicle.
  - Heavy 3" square tube steel frames
- ATVD7816-2: Rated for 300cc four-wheel drive and larger ATV.
  - 2" steel tubing frames
