

Tufline[®] SERIES TH - THF

Horsepower Ratings:
30-55 HP

Tufline's "TH" & "THF" Series tandem discs offer quality and strength at affordable pricing. This combination makes Tufline number one with under 55 horsepower discs in today's market.

The "TH" & "THF" Series are available in 6'4", 6'8", or 8' cutting widths with blade spacing options of 7 1/2", for seed-bed work, or 9" for cutting with light ground cover. Heat treated 18", 20" or 22" notched disc blades are standard with solid blades available as an option. Adjustable blade scrapers are also available for heavy soils or stubble buildup when needed.

Whether garden preparation, vineyard discing, or game plot ground work is needed, put a Tufline to work for you!

FRAME:

3" Square steel tubing with lever adjust gang cutting angles. Category 1-3 Point hitch. Fixed frame (TH) or foldover frame (THF).

GANGS:

1 1/2" Square steel axles. 7 1/2", 9" or combination blade spacing. 18" or 20" or 22" notched blades. Sealed ball bearings mounted in pillow block or flange housing

OPTIONS:

Adjustable blade scrapers. Plain Disc Blades. Screw adjust angle control.
